BROMLEY PARK METROPOLITAN DISTRICT NO. 2 COST CERTIFICATION REPORT #7

INTRODUCTION

Independent District Engineering Services, LLC (Engineer) was hired by the Bromley Park Metropolitan District No. 2 (District) to provide review of expenditures paid by Kings Co, LLC (Developer) and inclusion of District expenditures. This is to summarize and report the expenditures for the Brighton East Farms and Homestead Developments located in the City of Brighton, Colorado (Project). This Cost Certification Report (Report) summarizes the Engineer's approach and findings for the Project.

The expenditures for public improvements discussed in this Report are being certified as District eligible in the amount of \$3,481,463.33. From that total, the Developer funded \$897,837.93 in District eligible expenditures for the Homestead subdivision and \$2,567,927.88 for the Brighton East Farms subdivision. The Engineer also certified an additional \$15,459.39 in District eligible expenditures for the Homestead subdivision, and \$238.13 in District eligible expenditures for the Brighton East Farms subdivision which are to be funded directly by the District.

This Report covers expenditures for street, storm, water, and parks and recreation improvements. This Report also covers soft costs related to storm water management, surveying, design, legal, and engineering services in the Homestead subdivision as well as expenditures for underground utility locates, legal, and engineering services utility locates in the Brighton East Farms subdivision.

GOVERNING DOCUMENTS

The following governing documents were used in recommendations for District eligible expenses:

- Advance and Reimbursement Agreement, by and between Bromley Park Metropolitan District No. 2 and Kings Co, LLC, dated April 5, 2018, as amended on November 6, 2018.
- Consolidated Service Plans for Bromley Park Metropolitan Districts No. 1-4, dated September 1984.
- Agreement for the Sale of Real Estate, between Kings Co, LLC and Richmond American Homes of Colorado, Inc., Purchaser, dated January 31, 2018.
- Reinstatement of and Second Amendment to Agreement for the Sale of Real Estate (Brighton East Farms), by and between Richmond American Homes of Colorado, Inc. and Kings Co, LLC, dated May of 2018.

It should be noted the Engineer used the above governing documents only as a general guideline for eligibility in certification of costs.

ACTIVITIES CONDUCTED

For this Report, the following activities were performed:

- Governing Documents provided by the District and the Developer were reviewed as the basis for recommendation for this Report.
- The Invoice Summary as provided by the District was included, and invoices provided by the Developer were reviewed. A summary was created and is attached as Attachment B.
- A site visit was conducted. Project improvements were photographed.
- Contact was made with Developer to verify knowledge of the work or services performed.
- Some contract unit items were compared to other Projects constructed in the Denver Metropolitan

Area.

ASSUMPTIONS

Due to the specific scope authorized for this Report, the following assumptions were made.

- It is assumed that geotechnical pavement designs have been performed and followed. It is assumed materials testing was performed during construction.
- It is our understanding that the Developer will be responsible for all Storm Water Management Practice (SWMP) activities until the conditions of State and Local permits are met. No SWMP inspections or recommendations were conducted as part of this Report.
- It is assumed that the contractors have obtained all SWMP permitting in the name of the Developer.
- It is our understanding that all local jurisdiction acceptance will be completed by the Developer as required by the Infrastructure Acquisition and Reimbursement Agreement. The District shall have no obligations for local jurisdiction acceptance of infrastructure acquired by the District.
- It is assumed that the Developer has obtained or will obtain final unconditional lien waivers from all contractors performing work or consultants providing services for the Project. It is our recommendation these lien waivers be provided to the District.
- Costs presented do not represent the entire contract value, but rather the portion of costs that are
 attributable to public improvements as defined in the Service Plan. Percentages of Expenditures that
 pertain to both District land and private lots are based on land percentage area for the Project Area.
 See Attachment B for the percentages. These percentages were used for work such as Earthwork,
 SWMP activities, and planning activities.
- Expenditures that did not have enough information to be verified with this Report may be verified in a future Report.
- Nothing in this Report shall be construed as acceptance of any public infrastructure by any
 governmental entity, including but not limited to the District. The Developer remains responsible for
 completing public improvements according to plan and obtain the proper acceptance by any applicable
 governmental entity.

DISCUSSION

This Report consists of expenditures provided between July of 2019 and January of 2021. The improvements reviewed are generally represented in Attachment B.

Vendor Participation

All contractors, consultants, and vendors (Vendors) whose invoice information was submitted, were evaluated for their participation on the Project and services performed, materials provided, or work completed. A summary of Vendor participation is included as Attachment A.

Review of Invoices and Summary of Expenditures

To provide a cost certification of District Improvements, invoices provided by the Developer were reviewed. Invoice costs were allocated as District or Non-District and a summary is included as Attachment B. Invoices provided were reviewed to determine that the work and cost value were appropriated correctly, and that proof of payment was provided.

SUMMARY OF EXPENDITURES BY CATEGORY AND SERVICE PLAN DIVISION

The table below provides a summary of expenditures by category and Service Plan division. The major elements of the improvements were allocated across these specific categories.

| District Improvements | Certified Amount | Percent of Total Cost |
|--------------------------|---------------------|--------------------------|
| Water | \$29,979.39 | 0.86% |
| Sanitation/Storm | \$664,300.57 | 19.08% |
| Streets | \$1,535,921.02 | 44.12% |
| Parks & Rec | \$1,251,262.34 | 35.94% |
| TOTAL | \$3,481,463.33 | 100.00% |

FIELD INVESTIGATION RESULTS

A field investigation was conducted in January. Photos were taken of the Project to memorialize the construction of infrastructure and are included in Attachment C. From our visual inspection, it appears the completed improvements were constructed in a quality manner consistent with other similar projects and meeting generally accepted construction requirements.

RECOMMENDATION

In our professional opinion the expenditures for the improvements were reviewed and found to be reasonable. The costs of improvements are comparable to other similar projects in Colorado. At this time and based on the information provided, the Engineer certifies the expenditures provided by the Developer as District eligible expenditures as shown in Attachment B and subject to the level of review presented in this Report. These expenditures are certified in the amount of \$3,481,463.33.

ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

From time to time, CliftonLarsonAllen LLP (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through the DocuSign system. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to this Electronic Record and Signature Disclosure (ERSD), please confirm your agreement by selecting the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

Getting paper copies

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. You will have the ability to download and print documents we send to you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a limited period of time (usually 30 days) after such documents are first sent to you. After such time, if you wish for us to send you paper copies of any such documents from our office to you, you will be charged a \$0.00 per-page fee. You may request delivery of such paper copies from us by following the procedure described below.

Withdrawing your consent

If you decide to receive notices and disclosures from us electronically, you may at any time change your mind and tell us that thereafter you want to receive required notices and disclosures only in paper format. How you must inform us of your decision to receive future notices and disclosure in paper format and withdraw your consent to receive notices and disclosures electronically is described below.

Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from us or to sign electronically documents from us.

All notices and disclosures will be sent to you electronically

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures electronically from us.
